

Mid Winter O 26 June 2021

Thanks to the 100 people who braved the cold and showery conditions to come along to our Mid Winter O event on Saturday night. It was great to see lots of families coming out to give orienteering a go and thanks to everyone that dressed up and brightened up the winter night.

In true mid winter O fashion there were a couple of twists. We had 9 matariki star controls which were worth double points, it was great to see lots of strategic route choosing as people went for the bigger points. Apologies for the star at control 26 which refused to shine tonight, it mistakenly got put in the wrong spot. You'll notice it wasn't spotted by anyone in its new position but sorry to those who spent extra time looking.

The addition of a joker option at the finish line added a bit of fun. Teams were told a coin would be tossed at the conclusion of the event, they could to put their clip card in one of 3 bags; the yellow star bag (heads), the orange star bag (tails) or the blank bag (not prepared to gamble). If the coin landed on the option they picked they would get a bonus 20 points BUT if it was the option you didn't pick you would lose 20 points. The coin toss came up tails and you can check how this affected the scores in the results.

I know the highlight of the night for my kids is always the pizzas at the end and I'm sure everyone appreciated the hot pizza after a pretty cool hour out.

A huge thank you to Rob for all his guidance and Pete for his mapping expertise.

Results Mid Winter O

TEAM	Time	10 Point Controls	20 Point Controls	Time penalties	Joker Points	Total
Steve & Stealth	58.40	100	160		+20	280
Paul Billing	55.07	110	160		-20	250
